

# riesling

The Riesling is a noble and charismatic wine which can easily face long ageing because of its lively acidity and mineral architecture.

## WINES FOR THE PEOPLE YOU CARE ABOUT

This wine comes from a rigorous selection of the best grapes from our vineyards where we wait patiently the right moment to get them over ripen. Harvest made by hand guarantees the perfect integrity of the grapes.

A proper "skin contact" (skins macerate 12 hours at 6 C° with the juice) allows us to exalt the potentiality of the bouquet. Alcoholic and malolactic fermentation is natural. 12 months of "sur lies" fining follows in 5 hl tonneaux with frequent battonages.

Blinks you from the glass with its gold yellow colour while it fascinates with a delicate and elegant aroma which reminds roses, citruses, spices. By ageing it develops "fume" scents.

Smooth sensations perfectly balanced by a balsamic freshness gratify the palate. Curious to pair with goat cheeses or oysters at 13 C°.
